Web Art

Do you want to rule the web with your developing skills? Then join the "Web Art", presented by Tesseract , dedicated to Web Development Aspirants.

1. Teams can have a maximum of 2 members.
2. Inter-college teams as well as single participants can also apply.
3. All the members of the team should be students studying in a College/School.
4. Teams aren't allowed to use ready-made templates. Teams have to create the entire website framework themselves.
5. The websites should not contain any material deemed objectionable by the judges (e.g. no pornography, no profanity, nothing offensive to a person's gender, ethnicity, or religious beliefs, no references to alcohol, tobacco, or drugs).
6. Any copyright violation is the sole responsibility of the team and not the organizers

There will be two rounds, the first one is the knockout round. Then teams will be allowed for the final round.
In the knockout round, it will be a pen and paper based MCQ test round comprising of questions from markup languages like html, css, web designing basics from javascript (vanilla and popular frameworks like angular), some server side popular languages like PHP, NodeJS and database basics questions SQL/NoSQL.

- All the teams qualifying for the final rounds, will have to design a web-application as specified on spot.
- Internet connection will be provided to the teams.
- In case of any dependency requirements (like composer, npm, etc.), teams should inform the volunteers after qualifying in the knockout round immediately.
- Teams will not be allowed to take code from any existing repository in any version control system.
- Teams can use open source libraries, frameworks.
